## CAREER CONNECTIONS AND NETWORKING FAIR

March 16 - 1.00-3.30 PM EST

### Ascent Aerial Park

Ascent Aerial Park is a multi-faceted high-ropes challenge course overlooking beautiful Sauble Beach, ON. We provide adventure experiences for all ages and advocate for sustainable recreation, green tourism, and local exploration!

### BC Timber Sales (BCTS)

BC Timber Sales (BCTS) is self-financing program within the Ministry of Forests, Lands, Natural Resource Operations and Rural Development, BCTS manages the sustainable harvesting and reforestation of approximately 20 per cent of the timber available for harvest from British Columbia's timber harvesting land base. Working at BCTS is an opportunity to positively impact B.C.'s economy, forests, communities and residents. We have over 650 staff in 33 communities throughout the province and offer a wide variety of career opportunities that include positions in professional forestry, forest technology, Graphic Information Systems (GIS) and business administration; areas of specialization include mapping, data analysis, seedling services, certification standards, tenure and harvest operations, reforestation and sustainability.

### Conifex Timber Inc.

Conifex's business is the harvesting of timber and the manufacture and sale of lumber, primarily for North American and Asian markets. Our sawmills process high-quality SPF logs into higher-grade and commodity-grade dimensional lumber.

Residuals from our manufacturing process create a number of byproducts which are sold to local customers; wood chips primarily used for pulp production, and sawdust, shavings, and bark that are sold to wood pellet manufacturers, finger joint lumber plants, mulch and soil production businesses and biomass power plants.

We believe that efficient utilization of our timber resources is essential. Our timberland operations in Canada seek to supply our sawmills with low-cost fibre, and enable efficient manufacture of lumber that meets customer needs, and optimizes all opportunities to generate the widest possible profit margins.

### Evans Lake Forest Education Society

The Evans Lake Forest Education Society is Your Home in the Forest—a place for youth to learn in a camp setting about the interconnectedness of people and forests from inspired leaders.

### Interfor

Interfor is a growth-oriented lumber company with operations in Canada and the United States. We have an annual production capacity of 3 billion board feet and offer one of the most diverse lines of lumber products to customers around the world.

## CAREER CONNECTIONS AND NETWORKING FAIR

March 16 - 1.00-3.30 PM EST

### Invasive Species Council of British Columbia

The Invasive Species Council of BC is a registered charity and non-profit society that is making a difference in the lives of all British Columbians. We are a dynamic action-oriented organization, helping concerned stakeholders work together to stop the spread of invasive species in BC. We spearhead responsible actions in communities, organizations, governments and industry to help protect our province from invasive species.

Our Vision: Healthy landscapes and communities free of invasive species.

Our Mission: To take action to build healthy landscapes, including habitats and communities, through education and responsible practices to prevent the spread of invasive species.

### Lil'wat Forestry Ventures

Lil'wat Forestry Ventures creates long-term financial benefits and meaningful careers.

LFV works at managing Lil'wat Nation's Traditional Territory to maximize economic, social, traditional, cultural, and environmental benefits.

### Lower Thames Valley Conservation Authority

Come and learn more about the Lower Thames Valley Conservation Authority (LTVCA) where we focus on a balanced and healthy watershed through teamwork and a commitment to the environment.

### Mosaic Forest Management

Mosaic Forest Management manages the forest planning, operations, and product sales for TimberWest and Island Timberlands, two proud companies operating on Vancouver Island for over 100 years, delivering sustainable forest management within their private forest lands and Crown tenure areas. All forest lands are certified under the Sustainable Forestry Initiative (SFI).

Mosaic employs several thousand people directly and indirectly to achieve strong economic, social and sustainable outcomes from the working forest. We are Canadian owned by major Canadian public service pension funds. Mosaic was the first forestry company in BC to achieve Progressive Aboriginal Relations Bronze Certification and then Silver Level Certification. Also, the first forestry company in the world to include the supply chain in its carbon accounting and recently certified by the Carbon Trust for our carbon accounting across the company's entire supply chain.

We are an equal opportunity employer committed to diversity and inclusion and welcome all interested applicants to apply. To learn more, visit [MosaicForests.com](http://MosaicForests.com).

## CAREER CONNECTIONS AND NETWORKING FAIR

March 16 - 1.00-3.30 PM EST

### Nature Trust of New Brunswick

The Nature Trust of New Brunswick is a charitable land conservation organization which focuses on conserving and stewarding private land and engaging New Brunswickers about the importance of protecting our province's unique natural heritage and biodiversity. Since 1987, we conserved over 9,000 acres (3,600 hectares) of ecologically significant land in more than 65 beautiful and diverse nature preserves throughout the province.

### Nova Scotia Parks

Nova Scotia is rich in natural resources – including biodiversity, forests, provincial parks and the land we manage. The Department of Lands and Forestry is responsible for the development, management, conservation and protection of forest, parks and wildlife resources and the administration of the province's Crown land. Together we are working with Nova Scotians to build a better future through sustainable natural resource management as we all benefit from the natural health and wealth of the province.

### Ontario Parks

Ontario Parks is a system of incredible provincial parks that are vitally important to the well-being of Ontario's environment, economy and people. Provincial parks protect provincially significant elements of Ontario's natural and cultural landscape and maintain biodiversity while offering opportunities for inspiration and recreation.

### Tim Hortons® Foundation Camps

We are a non-profit, leadership development organization that supports kids from disadvantaged circumstances between the ages of 12 to 16. Through a multi-year, camp-based program, youth learn skills like leadership, resilience, and responsibility, empowering them to change their stories for the better and ultimately break the cycle of poverty.

### Tolko Industries Ltd.

For 65 years, Tolko has cultivated an inclusive culture guided by our values. We are committed to managing our forests in a safe and sustainable manner that respects the environment and cultural connections. We take pride in what we do and the positive impact our company has on our families and our communities.
